GRANT EVALUATION REPORT

The Louise Taft Semple Foundation considers evaluation an important element of each grant it awards. At every opportunity the LTS Foundation strives to evaluate grants in a manner that encourages both the LTS Foundation and the nonprofit organization to learn rather than to penalize organizations, point out shortcomings or create unnecessary work.

This evaluation report is designed with each of our previously mentioned goals in mind. Please answer each question as completely as possible. Attachments may be used, but only to the degree they are relevant to the funded effort. Also, please return the evaluation form no later than the date indicated on your grant agreement. If you have any questions, please contact us.

Organization:
Funded amount:
Date grant authorized:
Final report due:

Please restate your grant objectives as identified in the proposal funded by the LTS Foundation:

When did your organization complete the project for which it was funded? If the project has not been completed, indicate anticipated completion date and explain the reasons for the delay.

To what extent has your organization met the goals and objectives identified in your proposal?

Please identify the budget items from the project budget for which the grant funds were used and the rounded amounts spent for each item. Did this grant help leverage other funding? If so, how much and from what sources?

Please use this space to share any other information regarding your project or any feedback you would like to share with us about this grant or the service you received from the LTS Foundation toward implementation of the project.
